

Website Hosting + WordPress Core & Plugins Updates Plan Overview

At Evolve, we work to provide peace of mind for our clients and mitigate risk on websites we host. Our website hosting + monthly WordPress & plugins updates plan and process helps ensure your site functions properly and securely. Plus, if there's ever an issue, you just reach out to our team and we'll help resolve it.

Benefits of hosting your site with us:

- WP Engine guarantees 99.99% uptime for website operation. Plus, support from our Evolve team to communicate with WP Engine when needed.
- Daily automated and on-demand back-ups.
- Instant site restore. Make a mistake updating your site? Not a problem, we will be able to instantly restore the previous version of your website.
- 2-factor account protection with logins provides added security.
- Your website would be hosted on a dedicated server for added security.
- Faster site speed with website caching, creating an overall better experience for your users.
- Free SSL & SSH
- Integrated or Managed CDN
- Global Edge Security (threat blocking & security)
- High availability, with a 99.99% uptime Service Level Agreement
- Availability to scale resources vertically
- Ability to have Development and/or Staging environments, in addition to Production environment (Evolve creates the necessary environments based on your site)
- Disaster recovery: In the unlikely event your site is compromised, bounce back quickly with our expert recovery help and the use of our automated backups and website restore.

Plan Details Include:

- WP Engine Website hosting (with SSL certificate)
- Monthly WordPress Core & Plugin Updates
- Access to Evolve's premium plugin library* – Evolve maintains paid licenses for several plugins, such as Gravity Forms (premium form plugin), WP Media Folder, Advanced Custom Fields PRO, and more.

**Other specialty plugins may need to be purchased or billed separately, depending on the needs of your website.*
